November 2021

STP

Business Name: STP (Solve that Problem)

Location: Lviv, Ukraine

Legal Business Structure: Telegram Bot

Objective

Sometimes people struggle to find the solution to their educational problem.

Goals

Help people to solve their educational problems fast and easy.

Solution

Create a chat bot to connect two people: one wants to find an answer to a specific question, the other - a professional in this topic.

Project Outline

Done:

- Created an idea
- Developed telegram bot

Needed to be done in the near future:

- Host bot
 - Open project for global testing
-

BUDGET

one year goals:

- enlarge number of active users to 500
- attract investors to the project in order to give rewards to people who help others
- profit 5000\$ (paid membership)

Description	Cost
Hosting	300\$/year
Paid membership	500\$/year
Taxes	50\$/year
